

WHAT IS THE MOST IMPORTANT THING WE NEED TO LIVE? (Besides the Word Of God)

!!! OXYGEN !!!

There is NO evidence or proof that Face Masks prevent 'catching coronavirus'.
All the real studies show that wearing a Face Mask is extremely unhealthy.

HARMFUL EFFECTS OF WEARING FACE MASKS

Deprivation of Molecular Oxygen which heals diseases.

Chemical Off-gassing- Masks contain various chemical toxins, nano-fibers, and synthetics.

Increase of Carbon Dioxide- Changes blood pH contributing to anxiety, nervousness, headaches, digestion disruption, dizziness and fatigue. Causes pH to be acidic, decreasing the body's ability to repair itself. Diseases survive in a lower oxygen/low pH state.

Unhygienic and Unsanitary- Masks become filthy and contaminated and further obstructs airflow.

Damage to the Immune System- Higher Cortisol levels in the bloodstream cause:

- Impaired cognitive performance
- Suppressed thyroid function
- Blood sugar imbalances such as hyperglycemia
- Decreased bone density
- Decrease in muscle tissue
- Higher blood pressure
- Lowered immunity and inflammatory responses in the body, slower wound healing, and other health consequences
- Increased abdominal fat associated with increased heart attacks, strokes, developing metabolic syndrome, higher levels of "bad" cholesterol (LDL) and lower levels of "good" cholesterol (HDL), which can lead to other health problems.

Discomfort and Depressing

Causes a divisive wedge issue between the mask-wearing sheeple and those who understand the negative health effects and ineffectiveness of wearing a mask.

Those wearing masks with COPD, lung cancer, a removed lung, emphysema or pulmonary fibrosis worsen their lung function.

HYPOXIA- A drop in oxygen levels (hypoxia) is associated with an impairment in immunity. A condition in which tissues of the body are starved of oxygen. Symptoms: Cyanosis, numbness or pins and needles feeling of the extremities Risk factors: Diabetes, coronary artery disease, heart attack, stroke, embolism, thrombosis, deep-vein thrombosis.

HYPERCAPNIA- Rebreathing CO2 leads to increased blood pressure, headaches, muscle twitches, rapid heart rate, chest pain, confusion, and fatigue. In extreme cases, if left untreated, hypercapnia can lead to organ damage and even have long standing effects on the brain.

MASKNE- a term used to describe the acne in the area where the mask is worn. It is caused because the mask traps oil and dirt in pores. This oil and dirt also irritate the skin.

VIRUSES ENTERING THE BRAIN- By wearing a mask, your own exhaled viruses will not be able to escape and will concentrate in the nasal passages, enter the olfactory nerves and travel into the brain.

FALSE SENSE OF SECURITY

The World Health Organization (W.H.O.) states "healthy people with no symptoms do not need to wear a mask."
The US Surgeon General stated "there is no evidence that face masks will effectively prevent you from becoming infected."
Dr. Fauci stated "there is no need to be wearing masks".

Face mask packaging states in it's disclaimer that 'face masks do not prevent coronavirus'.
Study shows Surgeons and Healthcare workers' health decreases due to wearing face masks.

17 of the best studies for the scientific support for the use of face masks were analyzed, concluded that,... "None of the studies established a conclusive relationship between face mask use and protection against influenza infection."

WHY ARE YOU WEARING A FACE MASK FOR A 'VIRUS' THAT IS LESS DEADLY THAN THE FLU?

Examine the Evidence. Think For Yourself. Decide For Yourself.
STOP TRUSTING THE GOVERNMENT AND THE MEDIA AND THE 'EXPERTS'!!!
I care more about you than 'they' do!
