Gog's Attack On England By Way Of The Spanish Armada Fails

The Spanish Armada

The attack on England by the Spanish Armada came about through Gog's influence within the Spanish Court. They wanted to seize England's riches following its expanding sea power in the New World

Spanish Armada - Defeated

Defeat of the Spanish Armada, 8th August 1588 by Philippe-Jacques de Loutherbourg, painted 1796, depicts the battle of Gravelines.

As an Elizabethan coin struck to commemorate the defeat stated – “God blew with his winds”

In the following slides we will see that the events leading up to the armada was Gog's need to find a more secure base having been rumbled by the Spanish and the protracted inquisition

Khazars Seek Refuge In Spain - Andalusia

At this time the Moslems had not been driven out of this part of Spain where there was a colony of Sephardic Jews which had maintained contact with the Khazar kingdom.

Professor Graetz, describing the collapse [in the second half of Tenth century A.D.] of the Jewish Khazar kingdom, states, "As though Andalusia were a Jewish state, the sons of the last chagan or king of the Khazars, like those of the exiles also sought refuge in Spain."

Andalusia

It is interesting to note that Andalusia at this time had Gibraltar (Gib's altar) within its territory.

Andalusia – Gog's Stronghold In Spain

Spain - Andalusia - Seville - Place of Spain

Seville - Andalusia

When Spain drove out the last of the Moors in 1492 AD, a number of Moslems and Jews both Sephardic and Ashkenazim remained in Andalusia. Some converted to Christianity in order to gain influence. This they were successful in doing and were able to persuade the court to make war with England.

Spanish Inquisition To Root Out Jews & Moslems – 2 phases

The first phase of the inquisition was to root out the Moslems and Jews particularly the most uncouth and rough Jews the Khazars (mainly in Andalusia) – forcing them to flee to Poland to their fellow Khazars who had settled there many years earlier following the overthrow of the Khazar kingdom by the Russians

Gog's Attack On England By Way Of The Spanish Armada Fails

The Spanish Armada

Spain instigated a further purge of the Jews through the Inquisition. Many Jews fled to the Americas and Mexico in particular but many also made their way to Holland and Amsterdam – here they would re-group and consolidate for another attack on England which this time would be successful.

Spain Attempts To Expel Gog From Its Borders

The Jews were under increasing pressure from the Church because of the heresies that they were intentionally planting into the Church,

.... as well as their excesses as tax collectors and money lenders. The Pope finally initiated what has become known as the Inquisition.

The Spanish Inquisition

Spain Attempts To Expel Gog From Its Borders

It was within the Inquisition that the Catholic Church made its most terrible strategic blunder:-

A Spanish Catholic Church

The Spanish Inquisition

Spain Attempts To Expel Gog From Its Borders

A Spanish Priest

As a result of this horrible blunder on the part of the Catholic Church, the Jews were now within the church like the Trojan horse, with some of them rising to the higher ranks within the Church, until 1866, when they took absolute control, and now rule the Catholic Church through the "Black Pope."

The Spanish Inquisition

Spain Attempts To Expel Gog From Its Borders

The final results have been that the entire Christian Kingdom of God has suffered in general and the Catholic Church has suffered in particular. **What did the Catholic Church do?** It gave the Jews the option of being baptized and converting to Catholicism.

The Inquisition

The Spanish Inquisition

Spain Attempts To Expel Gog From Its Borders

The Jews of Spain and Portugal took them up on it and were baptized in wholesale numbers and joined the Church.

The Spanish Inquisition

They (**Gog**) could now even more efficiently implant their heresies. **All the while that they pretended to be Christian, they still practiced their Jewish faith.** The name **converso**, or **converted**, was given to the multitude of Jews who were baptized and claimed to be **Christian.** Within that group of **conversos** were the **Marranos.**

The Spanish Inquisition

They were the Jews who supposedly converted but actually remained Jews in thought and action. The problem was that nearly all, if not all, of the conversos still remained loyal to the Jewish religion and cause. As we shall see, that situation has plagued all of us to this very day.

The Spanish Inquisition

A Spanish Church

When the Catholic Church finally realized its blunder, it sought out the Marrano Jews and systematically executed them by burning them at the stake. The undercover investigations to find them would have made the KGB, CIA and the FBI look like school boys.

The Spanish Inquisition

They found them within the nobility and even they weren't spared. These were the circumstances in Spain

The Spanish Inquisition

....when Queen Isabella and King Ferdinand finally, on the 30th of March, 1492, gave the known Jews four months to leave the country. Some went to Sicily where they formed the organization we know today as the Mafia, and some went to Holland.

Queen Isabella & King
Ferdinand

The Spanish Inquisition

We have to bear in mind that the Spanish had good reason to hate the Jews, for it was they who let the enemy (the Moors) into their cities by opening the gates while they were in

their churches praying for deliverance - as a consequence many Spaniards (Simeon) were slaughtered.

Nothing changes - they are doing the same today by allowing the heathen through our borders.

Gog's Cowardice

When the Jews opened the gates of Spanish cities to let in the Moors, while the Spanish were in their churches praying for deliverance, they wore yellow armbands, so they could be easily identified and no doubt acted as

guides to lead the Moors to the Spanish hideouts. Is this why the colour yellow is often associated with Cowardice – yellow belly etc.?

The Spanish Inquisition

The conversos, of course, did not leave because they were Christians, weren't they? But the Marranos who had not yet been found out were living from day to day,

The Spanish Inquisition

... knowing that they had to leave or face the stake. In reality, all of the conversos knew that they would one day need to find a new home because of their true sympathies. Many of them were within the household of the royal family.

Christopher Columbus

TEMPERENT

- 1451 Christopher Columbus is born in Genoa, Italy.
- 1492 Columbus sails his first voyage to America with three small ships. He finds the Indies and the Indies Islands. He comes to believe that he has found the Indies.
- 1493 With successive ships and 1,500 men, Columbus sails out for the West Indies a second time.
- 1494 After founding a colony on Hispaniola, Columbus explores the West Indies.
- 1498 On Columbus's third voyage from Spain to the New World, he discovers the first European to set foot in South America.
- 1502 On his last voyage, Columbus explores the coast of Central America while searching for a passage to the Indian Ocean.
- 1506 Columbus dies May 20 in Valladolid, Spain.

In 1492, Christopher Columbus, an Italian adventurer, set sail for Asia. He never reached his destination. Instead, he discovered a whole new world — the Americas. Columbus's discovery opened up the New World to Europe. Within a few years, European claimed and colonized many parts of North, Central, and South America and the West Indies. These colonies brought great wealth to Europe and changed forever the history of Europe and the Americas.

Columbus believed he could reach Asia by sailing west across the Atlantic. But it took years for him to find someone to join. For his services, many nobles and people of the 15th century had a good idea of how large the world was, and they knew that Columbus was underestimating the distance across the western ocean to the Indies. For this reason, they thought Columbus was foolish to sail west to reach the Indies. No one wanted, however, that first great continent also captured Europe from the East. Finally, King Ferdinand and Queen Isabella of Spain gave Columbus three ships, and he set sail into the uncharted sea of the Atlantic. After the winter of 1492, a sober nightfall — an island in the Bahamas that Columbus called San Salvador. Columbus divided the island into six small islands, so he called the people he found there "Indians." Searching for gold and other riches, Columbus explored many islands in the Caribbean Sea. Then he sailed back to Spain, making some of his crew of a first on Hispaniola, an island near modern-day Haiti and the Dominican Republic. The crew was discontent and ready to mutiny. Columbus returned the next year with 1,200 Spanish soldiers and found that soldiers had killed the Spanish he left behind and burned the fort.

Columbus then founded a colony called San Cristobal and recruited many young men. The soldiers were Spanish soldiers who hoped to become wealthy in the New World. They were happy about the great amount of gold found on the island. Columbus asked to quit the Spaniards by giving them land and letting them settle a colony in west. It Columbus also was taken back to Spain to be the king's clerk. Fighting required between Spanish and Spanish. He then returned to Spain while Indians had been European

Christopher Columbus set out from Spain to the Americas. Many Spaniards would not sail across the ocean and return to their own. When Columbus set the course of gold and land, some returned to their homes and Columbus kept their ships. Even so, he still had three more positions. Columbus, with a lot to explore the New World.

On his last and last voyage, Columbus searched for a passage to India. He planned, if his search was successful, to sail around the world to return home. He ran into bad weather, and his second ship died. He was left with one ship, and he never returned to Spain. He never saw the Americas again. Columbus died in 1506 in Valladolid, Spain, where he spent the end of his life.

The king and queen's advisors were conversos and later found out to be Marranos. The king's treasurer was a Marrano. It was this group of very powerful men who found the money to finance the voyages of Columbus. They had very personal reasons to find a way to get the thousands upon thousands of Jews out of Spain before they were executed.

The Spanish Inquisition

It is not our purpose here to prove, one way or the other, the genealogy of Columbus. For several hundred years now that argument has flourished. The Italians claim him to be Italian. The Spanish researchers claim that he was born in Spain of a Jewish family.

The Marranos Jews Negotiate To leave Spain

The Marrano advisers had already obtained the promise of the required money from the wealthy Jews of Spain but the king and queen did not know that. These advisers tried desperately to find a way to get the Marranos out of the

country before they were found and executed. The king and queen accepted the proposals. Foremost among the Marrano advisors to the king was Luis de Santangel.

The Santangels came from a place called **Calatayud, or Calatal-Yehud**, one of the wealthiest Jewish communities in Spain. **Because of their wealth, the Santangel family obtained high offices in the government.**

The Santangels were the Rothschilds of that time. It was because of the pressing need to get the Jews out of Spain that **Luis de Santangel** loaned the crown 17,000 ducats, interest free, to equip Columbus' ships for the voyage.

The Money Lenders of Amsterdam (Elders of Zion)

Jewish Rabbis who were the religious and political leaders of the Jewish money lenders combined their forces in a group known as the "*Elders of Zion*." From 1640 to 1689, these "*Elders of Zion*" located in Holland plotted the English Revolution.

The City of London

A State Within A State

Interestingly a dragon is on prominent display at the City's boundary.

'The City' is not part of England. It is not subject to the Sovereign. It is not under the rule of the British Parliament. Like the Vatican in Rome, it is a separate, independent state. It is the Vatican of the commercial world.

The City of London occupies 677 acres = 666 + 11 (As we saw in part 2 this is a powerful Illuminati number)

The City of London

The relation of this monarch of the City to the monarch of the realm [Queen] is curious and tells much.

Notice the “S” shape of the tail – which also has a striking similarity to a snake – very apt for what we know goes on in the city.

That Gog and Magog is in control of the country and the City of London in particular is signalled by the parading of replicas of the Guild Hall statues during the Lord Mayor's procession on the 11th Month of the Year (November) a good Illuminati number

According to the Lord Mayor, the giants Gog and Magog are traditional guardians of the City of London, and images of them have been carried in the Lord Mayor's Show since the days of [King Henry V](#). The Lord Mayor's procession takes place each year on the second Saturday of November.

The City of London

A State Within A State

When the Queen of England goes to visit the City she is met by the Lord Mayor at Temple Bar, the symbolic gate of the City. She bows and asks for permission to

enter his private sovereign state. During such state visits "the Lord Mayor in his robes and chain, and his entourage in medieval costume, ...

These Jewish money lenders used their influence to elevate Mr. William Stradholder to Captain General of the Dutch Forces and then to William, Prince of Orange. Then, they arranged the meeting of William Stradholder with the English Duke of York's eldest daughter, Mary.

The Money Lenders of Amsterdam (Elders of Zion)

The Duke of York was next in line to be the King of England. In 1677, Prince William of Orange married Princess Mary of York.

When the Duke of York suddenly died (Assassinated?), Prince William of Orange and Mary became the next King and Queen of England in 1689.

Sir Thomas Osborne was impeached by King Charles II for treasonous negotiations with King Louis XIV and imprisoned in the Tower of London from 1678 to 1684. After his release, he again became active in the conspiracy to bring in William of Orange as King of England and secured the crucial province of York for him. William then created him Duke of Leeds.

There is probably not one Orangeman in ten thousand who knows that all the wars and rebellions fought from 1640 to 1689 were fomented by the Jewish International money-lenders for the purpose of putting themselves in position to control British politics and economy.

The Lord in referring to it being easier for a **camel** to go through an eye of a needle than a **rich man** to gain entry into the Kingdom of Heaven was prophesying the rise of the **Rothschilds (rich man)** and the **Bank of England in Threadneedle Street**.

Parable Of The Rich Man

As we already have seen how that the Bank of England through secret negotiations in a church (London Temple) was set up and whose tentacles would control most of the world's currencies. Those who are not controlled such as Libya, Syria, Iran and North Korea, were deemed the axis of evil

The Lord in turning out the money changers from the temple was foretelling that on his return **the money changers at the Bank of England in Threadneedle Street** would be removed – the needle in **Threadneedle street** would no longer be threaded!

Wren was involved in other building works some of which were delegated to others

Nicholas Hawksmoor was born at East Drayton, Nottinghamshire, probably in 1661 (or, according to some authorities, 1666).

Nicholas Hawksmoor was responsible for three of the East End's best-known churches.

There was a dramatic change in style of architecture used in rebuilding the London churches

Changing The Face of London

Two of the best-known chroniclers of East End history, Ian Sinclair and Peter Ackroyd, have dug deep into the history and symbolism surrounding these churches and think there may be darker forces at work, drawing in occult practices, murder and even Jack the Ripper

St Anne's and Christ Church both have unexplained pyramids sitting in their grounds, all draw on ancient Greek and Egyptian imagery
